

How Our CHAS Accreditation Guarantees Regulated & Quality Window Installations

At Classic PVC, we are proud to be accredited by CHAS, the UK's leading accreditation scheme for health and safety in procurement. Joining over 32,500 contractors who benefit from this prestigious accreditation, we are committed to providing our customers with the highest standards of quality and safety in all our window and door installations. Our CHAS Accreditation is a testament to our dedication to increasing compliance standards, saving time and money, and enhancing our visibility in the market.

The Importance Of CHAS Accreditation In Window Installations

Our CHAS Accreditation is vital for ensuring that every window installation we undertake meets stringent industry regulations and standards. By adhering to the SSIP Accreditation, PAS 91, and the Common Assessment Standard, we guarantee that our work complies with the highest levels of safety and quality. This accreditation is not just a badge; it's a rigorous verification process that underscores our commitment to excellence in every project we handle.

Quality Assurance Through CHAS Accreditation

Choosing Classic PVC means choosing quality assured through our CHAS Accreditation. Here's how we ensure top-tier installations:

Health and Safety Compliance: We strictly adhere to the health and safety standards set by CHAS, ensuring that every project is carried out in a safe working environment. This commitment significantly reduces risks and guarantees a secure installation process for both our team and our customers.

Efficient Supply Chain Management: Our CHAS Accreditation allows us to efficiently manage our supply chain, connecting us with prequalified contractors who meet specific compliance requirements. This ensures that every aspect of our installations is handled by qualified professionals, maintaining the highest standards from start to finish.

Fast-Track Applications with CHAS Assist: With the support of CHAS Assist, we can fast-track our accreditation process, completing it in as little as two days. This efficiency allows us to start projects promptly without compromising on quality, ensuring timely and reliable service for our customers.

Benefits Of Choosing A CHAS Accredited Installer

When you choose Classic PVC, you're not just getting high-quality window and door installations; you're gaining numerous benefits that come with our CHAS Accreditation:

Enhanced Compliance: Our accreditation means that we meet the highest compliance standards in the industry. This reduces the risks associated with non-compliance and ensures that all regulatory requirements are met, giving you peace of mind.

Cost-Effectiveness: CHAS Accreditation helps us save time and money by reducing duplication and avoiding unnecessary red tape during the prequalification process. These savings allow us to offer our customers more competitive pricing without sacrificing quality.

Access to a Pre-Approved Network: Our CHAS Accreditation improves our visibility and credibility, connecting us with a network of 2,500 CHAS clients across the UK. This pre-approval enhances our reputation and ensures that you are working with a trusted and reliable installer.

Streamlined Processes: We simplify the accreditation process through schemes such asSSIP, PAS 91, and the Common Assessment Standard. This streamlined approach saves time and resources, allowing us to focus on delivering exceptional installations for our customers.
